About Malla Reddy Group of Institutions

Malla Reddy Group of Institutions (MRGI) was established by Sri. Ch. Malla Reddy, an eminent educationist and MLA from Medchal Constituency of the state of Telangana. MRGI is the largest cluster of institutions in the state of Telangana, educating around 30,000 students per year and employing more than 3000 staff members. The founder chairman Sri Ch. Malla Reddy has been in the field of education for the last 27 years with the motto to spread quality education. MRGI has 8 engineering colleges, 2 medical and 1 dental college and 3 Pharmacy colleges and MBA colleges. The college campus with its arboriculture and horticulture is situated away from the hurly-burly city provides a serene and placid atmosphere which is propitious to both teaching and learning processes.

About Malla Reddy Group of Pharmacy Colleges

Malla Reddy Group of Pharmacy Colleges are an abode to learn, an opportunity to excel strongly believes that education is not just a mere act of teaching-learning, but aims and puts relentless efforts in training, guiding, motivating and leading young budding pharmacists in the ever expanding horizon of insatiable thirst for knowledge.

Malla Reddy Pharmacy College was established in 2007 and approved by AICTE and PCI, New Delhi and affiliated to JNTUH, Hyderabad. Our Institute offering B.Pharmacy and Doctor Of Pharmacy. Our College has experienced and ratified faculty.

Malla Reddy College of Pharmacy was established in 2004 and approved by AICTE and PCI, New Delhi and affiliated to Osmania University, Hyderabad. Malla Reddy Institute of Pharmaceutical Science was established in 2005 and approved by AICTE and PCI, New Delhi and affiliated to JNTUH, Hyderabad.

About Stansys Software Solution

A leading service provider since 2011, Stansys specializing in the areas of software training (IT learning, classroom and online training solutions, corporate training), consulting and software development in the area of clinical research, clinical data management, pharmacovigilance, clinical coding, medical writing, regulatory affairs, clinical SAS, and SDTM. In addition to that, our organization also provides solutions to business development, data mining, data solutions in business analytics, data science and machine learning. Driven by its vision of developing young talent, Stansys is helping to build a pool of employable industry-ready professionals both nationally and internationally.

About CRBio(RA Chem Pharma Ltd)

CRBio, the Clinical Research and Biosciences division of RA Chem Pharma Ltd, Hyderabad is an India-based regulatory class CRO established in 2007 and is approved by several regulatory agencies like the DCGI, US FDA and MOH-Turkey.

Till date CRBio has completed over 220 BA/BE projects. Growth plans have been initiated when CRBio has forayed into patient population studies in the areas of oncology and anti-psychotic bioequivalence projects. Further growth plans are on the anvil and CRBio is likely to foray into POC, CEP, pre-clinical and late stage clinical trials in a progressive manner. CRBio acts as a catalyst to our sponsors' initiatives and is more like a partner for a sponsor's clinical trial requirements.

About Conference

On behalf of Organizing Committee, we invite all the participants from all over the Nation to attend "Advanced Innovations in Clinical Research" scheduled on February 9th 2019 at Malla Reddy Pharmacy College, Hyderabad, India. Clinical research is branch of medical science that discover the efficacy and accuracy of medicine, medical devices and treatment. This includes systemic, observational and experimental biomedical studies. Clinical research plays a major role in the prevention of disease state, treatment, diagnosis and cure of various health disorders.

Why to attend?

The Conference brings together Academicians, Researchers, Doctors, people associated with clinical research, Pharmacovigilance and drug safety, CRO's and Pharmaceutical industries to discuss, reflect on and develop their ideas and recent advancements in this field. The conference will create a bridge between the academia and industry. It is going to be a platform for exchanging of theoretical knowledge into practicality to get a clear picture of the pharma world.

Who can Attend?

Academicians, Doctors, Industrialists, Research Scholar and B.Pharm., M.Pharm., and Pharm.D Students.
